

TRAVELLING TO DUBAI

Effective 26 February 2022, passengers travelling to Dubai from all countries (GCC included) must fulfil one of the below requirements

- Present a valid vaccination certificate(s) reflecting that the passenger is fully vaccinated with a vaccine approved by the WHO or the United Arab Emirates (UAE), and includes a QR code
- Present a valid negative COVID-19 PCR test certificate issued within 48 hours from the time of sample collection and issued by an approved health service provider with a QR code
- Present a valid medical certificate with a QR code issued by the relevant authorities that the passenger has recovered from COVID-19 within 1 month from the date of recovery to the date of arrival.

If requested, passengers must undergo a PCR test on arrival in Dubai and self quarantine until they receive a negative result. Passengers who test positive for COVID-19 must follow the guidelines issued by the Dubai Health Authority.

Note:

Printed or digital PCR test certificates or vaccination certificates are accepted in English or Arabic and must include a QR code. SMS certificates are not accepted.

COVID-19 PCR test or vaccination certificates in other languages are acceptable if they can be validated at the departure point.

COVID-19 vaccination certificates without a QR code can be accepted for travel to Dubai as long as the vaccination certificate is issued by test centres/organisations recognised/approved by the national health authorities of the country.

PCR tests must be based on a molecular diagnostic test intended for the qualitative detection of nucleic acid for SARS-COV-2 viral RNA. Rapid antigen, antibody or any form of rapid lateral flow tests and home test kits will not be accepted.

Please check with your airline for the most up to date regulations before your travel to Dubai.
